

RENEWAL TEST A - B-Jumpers

The test is performed with the help of SBF
Corrected through discussion with a Jump Master (HM)

1. Have you updated your ICE-contact and other data in SKYNET and SKYWIN?

YES = Move on with the test (circle YES when you're done)

NO = Do that first and afterwards move on with the test

2. What is the significance of a "first of the year jump" according to SBF?

3. You are about to renew your license before the next season. How do you know what steps to take?

4. What is a "pincheck" and how should you do it?

5. When should you fill in a RED form (fallskärmsrapport/parachute report) and where do you find it?

6. What kind of emergency/ first aid equipment do we have at the club and where is it located?

7. What are the requirements in order for you to get your B and your C license?

8. There is a T laid on the ground and the windsock is clearly showing a wind from the west of 4 m/s. How do you land?

9. For what type of jumps do you have to use an audible?

10. What is the risks of skydiving with a camera and what is demanded to get the permission of skydiving with a camera?

11. How long do you have to follow the Jesper curve? Are your AFF and HM jumps included in the number of jumps in the Jesper curve?

12. Check of 3x3x3 before you head to the plane? What is the 3 different checks?

13. Having done your renewal request in Skynet, when are you allowed to jump in Sweden?
